

## PAP Mission Statement

My mission is to graduate from Full Sail Web Design and Development in 2017, with a 3.5 GPA or better. I will use organization, determination and follow through in order to complete my goal. I will be organized with my time in order to insure that I have balanced my obligations to both school and family. I will use my determination in order to complete tasks with school even when family is overwhelming. I will stay determined through hard assignments and continue to put out quality work in order to achieve the grades I expect of myself. I will follow through with plans and commitments that I have made in order to achieve my goals. I will follow the goals and steps that I set for myself in order to be successful.

## TEM Mission Statement

My mission is to graduate from the Full Sail Web Design and Development degree plan with a 3.0 or better. I plan to complete this goal using organization, determination and persistence. I will organize my time in order to give the amount of attention necessary for my degree as well as my family and personal life. I will use determination in order to get through through the hard days, and continue on my path. I will be persistent and not give up on my goal, in order to complete it in the time and with the accuracy that I expect of myself.
